AMA and Maine Medical Association 4-year membership, sponsored by Maine Medical Association.

Free (\$68 value)

Applicant's signature required

Applying for AMA membership: Membership is contingent upon the American Medical Association's (AMA) acceptance of the membership application. The endorsement, deposit or negotiation of an applicant's check does not guarantee admission into or acceptance of membership by the AMA. Checks received will routinely be deposited without a determination of the propriety of the payment or the applicability of the amount. Applicants who are not admitted to membership will receive a refund from the AMA for the amount submitted.

AMA dues are not deductible as a charitable contribution for federal income tax purposes, but may be partially deducted as a business expense. AMA estimates that 60% of your membership dues are allocable to lobbying activities of the AMA, and therefore are not deductible for income tax purposes.

Dues-paying members are eligible for print copies of *JAMA* and *American Medical News*. For the 2012 membership year, the allocated costs of \$34 for *JAMA* and \$15 for *American Medical News* are included in, and not deductible from AMA membership dues. All members receive free online access to *JAMA*, *American Medical News* and the *Archives* journals. In addition, all members are eligible to receive *AMA Morning Rounds*.

Conditions of AMA membership and application: As part of a physician organization committed to strengthening the ethics of medicine, every member pledges to uphold the Principles of Medical Ethics as interpreted in the Code of Medical Ethics, and to comply with the Bylaws of the American Medical Association and the Rules of the AMA Council on Ethical and Judicial Affairs.

- The AMA Principles and the Code of Medical Ethics may be viewed online at: www.ama-assn.org/go/codeofmedicalethics
- The AMA's Bylaws and Rules of the Council on Ethical and Judicial Affairs are accessible at: www.ama-assn.org/go/ceja

Applicants and members are required to disclose to the AMA Office of General Counsel any violations of the Principles of Medical Ethics or unprofessional conduct including actions taken regarding professional licensure, medical staff privileges, or felony or fraud convictions. Additionally, the Health Care Quality Improvement Act requires professional societies (such as the AMA) to report certain professional review actions, including denial of membership, to the National Practitioner Data Bank.

***By signing this application, the applicant authorizes the release of medical education information by the institution identified above to AMA for purposes of credential verification.**
